Refund Policy

The refund policy applies when a student drops a single class or completely withdraws from all classes during a period of enrollment. Classes that do not meet are treated as those with standard schedules:

8-Week Terms

Through the Term Drop Period (Monday of Week 2) ..... 100% refund
Week 2 of Term (Tuesday – Sunday) ..... 75% refund
Week 3 of Term (Monday – Sunday)..... 50% refund
Remainder of Term..... NO REFUND

Additional state and federal refund policies may apply. For more detailed information, see your student handbook.

FEDERAL UNOFFICIAL WITHDRAWAL POLICY:

Financial aid students who fail to continue participating in an academically related activity before 60 percent or more of the calendar days have expired in any period of enrollment may be determined to have unofficially withdrawn if they are assigned a grade of F or NC.

The Federal R2T4 calculations will be processed as though the student had withdrawn and any required refunds will be returned to the appropriate federal program(s).

Because the student did not officially withdraw, the institutional charges will not be reduced and any resulting return of funds can/will result in a balance due the University. **For this reason, students are strongly encouraged to officially withdraw from any class as quickly as possible once the decision to not complete has been made.**
