

## PROFESSIONAL LICENSURE BY STATE

### Massachusetts

**General Disclosure Statement on 34 CFR 668.43(a)(5)(v)** For academic programs that may reasonably be assumed to lead to professional licensure, these disclosures indicate, as of October 2020, the states where the University has determined through reasonable, good faith effort that such programs:

- Do meet the applicable professional licensure requirements;
- Do not meet the applicable professional licensure requirements; or
- Have not been able to be identified as meeting the applicable professional licensure requirements.

Each state has its own licensure requirements, so it is best to contact the relevant state department prior to beginning your program or if you move your residence to a different state during your program completion. Designations are listed below as University-wide (U-wide), residency in Kansas (KS) and residency in Arizona (AZ).
