Graduate Executive Master of Business Administration

"I'm an aerospace engineer and also work in the pharma industry. All the things I've learned here I have implemented into my work life ... What I like most is that all of my classmates work in these industries. You get the opportunity to learn from them.

- Agustin Escobar EMBA Graduate

At Ottawa University

The Executive Master's in Business Administration program provides students with high-quality professional advanced study in business. Courses incorporate personal values and professional ethics. For maximum flexibility for working adults, Business Administration degree program courses are offered in the evening in a classroom setting and/or online.

From large corporations to small businesses, there is always a need for good management. In addition, nonprofit organizations look for leaders with good management and business skills. A graduate degree in business is an important factor in reaching senior management ranks within most companies. Through OU's EMBA program, students can qualify for jobs in the private sector, the public sector and in academics.

Careers

Occupations with similar functions include office and administrative support supervisors and managers; cost estimators; property, real estate, and community association managers; purchasing managers, buyers and agents; education administrators and top executives.

Education and Qualifications

Persons interested in becoming administrative services managers should have good leadership and communication skills and be able to establish effective working relationships with many different people, ranging from managers, supervisors and professionals to clerks and blue- collar workers. They must be able to coordinate several activities at once, quickly analyze and resolve specific problems, and cope with deadlines.
